

June 20, 2026

To Whom It May Concern,

I am pleased to endorse Tran Trang Thuy, a Programme Executive of the Vietnamese Youth Alliance in Singapore (VNVA). VNVA is the first organisation in Singapore officially recognised by the Vietnam National Union of Students and the Embassy of the Socialist Republic of Vietnam in Singapore. Over the past eight years, VNVA has supported the personal development of Vietnamese youths in Singapore while promoting the image of Vietnam to the international community.

From the outset, Thuy distinguished herself through her reliability, professionalism, and strong sense of ownership. As a Programme Executive, she contributed meaningfully to the planning and delivery of community initiatives for Vietnamese youths in Singapore. She approached her responsibilities with care and discipline, and was able to translate ideas into structured, practical, and well-executed programmes.

During her time with VNVA, Thuy took on responsibilities beyond her formal role and demonstrated steady growth as a young leader. She served as Co-Director of VNVA Concert 2026: "Nhịp - The Rhythm of Vietnam" and VNVA Career Fair 2026: "Prelude". Through these initiatives, she helped engage over 600 Vietnamese students and young professionals across Singapore, contributing to programmes that strengthened community connection, cultural identity, and career development.

Thuy demonstrated initiative, sound judgement, and strong attention to detail in supporting large-scale community initiatives. She also showed maturity in stakeholder management, liaising effectively with various stakeholders and partner organisations while representing VNVA professionally in external engagements. Her dependable working style and willingness to support others contributed positively to team coordination and morale.

I strongly recommend Tran Trang Thuy for selective academic and leadership opportunities. I am confident that she will continue to grow, contribute meaningfully, and bring the same level of commitment and responsibility to the communities and institutions she joins.

Sincerely,

Nguyen Thi Xuan Mai
President
